Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who accomplish things and are entitled to favorable consideration, if for no other reason than their public spirited support of measures which make for progress. They represent the energy and push so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

PATRONIZE THEM!

SHELBY, N. C.

INTRODUCTION

Southern Directory Company, publishers of Miller's Shelby city directory, takes pleasure in presenting the 1939-1940 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this directory and we are confident that the result is an authentic and useful city directory.

The publishers have worked in cooperation with a special committee of the Shelby Lions Club to the end of building this directory along lines which, in their opinion, would best serve the public.

Confidence in the growth of Shelby, in its wealth, industry and population, as well as in the advancement of its municipal and social activities, will be created as sections of this directory is consulted, for, truly, the directory is a mirror reflecting Shelby to the world.

Your attention is invited to those names appearing in DISPLAY BLACK TYPE throughout the directory as they are the responsible, enterprising, advertising business men who take pride in sustaining the city directory and who have made this publication possible.

POPULATION

The estimated population of Shelby is 15,394, based on the number of individuals found by actual canvass at each residence. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

FIVE MAJOR DEPARTMENTS

The several essential departments are arranged in the following order.

THE MISCELLANEOUS DIRECTORY, containing valuable information concerning Local, State and National Governments, Churches, Schools, Colleges, Clubs, etc., included in pages 11 to 14.

THE NUMERICAL TELEPHONE DIRECTORY, listing telephone subscribers by telephone numbers can be found beginning with page 15.

THE ALPHABETICAL LIST OF NAMES of residents, business firms, and corporations is included starting on page 101.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 297 to 310. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

INTRODUCTION (cont'd)

(Continued from Page Seven)

THE STREET AND AVENUE GUIDE begins with page 311. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders, with the number of occupants, and business concerns are placed opposite the numbers.

MUNICIPAL PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information over the country, the publishers have placed copies of this issue of the directory in Directory Libraries, which are maintained in all the chief cities of the country. Here they are readily available for free public reference and serve as perpetual advertisements of Shelby, for business men the country over realize that the city directory represents the community as it really is.
